### Scheduled Date of Completion:

**Principle : 3 Appropriate Evaluation**

**Present levels:** (Statement of present levels of performance that resulted in area of non-compliance)

#### **24:05:25:06. Reevaluations**

Reevaluations shall be conducted at least every three years or if conditions warrant or if the child's parent or teacher requests an evaluation. Reevaluations must be completed within 25 school days after receipt by the district of signed consent to reevaluate unless other time limits are agreed to by the school administration and the parents. Each school district shall follow the procedures under § 24:05:25:04.02 when reevaluating a student for the additional purposes of:

- (1) Determining whether the child continues to have a disability;
- (2) Determining whether the child continues to need special education and related services; and
- (3) Determining whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP and to participate, as appropriate, in the general curriculum.

If no additional data are needed to determine continuing eligibility, the district shall notify the parents of that determination and reasons for it and of the right of the parent to request an assessment, for purposes of services under this article, to determine continuing eligibility. The school district is not required to conduct an assessment unless requested to do so by the child's parents. However, a school district shall follow the procedures in this chapter before determining that the child is no longer a child with a disability. The evaluation procedures described in this chapter are not required before the termination of a child's eligibility under this article due to graduation with a regular high school diploma, or exceeding the age eligibility for FAPE.

Through a review of student records, the monitoring team agreed with the steering committee that reevaluation procedures were not implemented prior to the dismissal of two speech/language students.

**Desired Outcome(s):** Through systemic change, the district/agency will achieve these results for students with disabilities and their families.

The district will ensure reevaluations are conducted in accordance with all procedural requirements to ensure students are appropriately evaluated for continuing eligibility.
